

HELPING MISSOURI DAIRY PRODUCERS THROUGH DIFFICULT TIMES

- Working with colleagues to encourage emergency purchases of dairy products by the federal government for food banks, feeding programs, and domestic nutrition programs.
- Helping to secure, in a bipartisan way, emergency disaster appropriations for dairy producers.
- Supporting efforts to raise Commodity Credit Corporation purchase prices for the Dairy Product Price Support Program.
- Urging the Administration to utilize the Dairy Export Incentive Program, which helps exporters of U.S. dairy products meet prevailing world prices for targeted dairy products.
- Cosponsoring H.R. 5426, a bill introduced by Congresswoman Candice Miller (R-Michigan) to direct EPA to finalize pending rules that exempt milk storage facilities from the agency's Spill, Prevention, Control, & Countermeasures, or SPCC, regulations that are designed to prevent oil discharges in navigable waters of the U.S.
- Encouraging the U.S. Department of Agriculture to complete its environmental review of Roundup Ready alfalfa before the fall 2010 planting season.
- Supporting the goals of National Dairy Month by cosponsoring H.Res. 1368.
- Keeping in close contact with Missouri Dairy Association and Dairy Farmers of America.
